

Hidden Scars

In *Hidden Scars: Haemorrhaging Souls*, Bishop Dr. Mark A. Nicholson JP unveils the silent suffering of countless individuals, those who lead, give, love, and serve while bleeding beneath the surface. This soul-stirring work, adapted from a transformative sermon, blends biblical insight with raw honesty to explore the deep wounds we often carry in secret.

Drawing on King Ahab's final moments in 1 Kings 22:34, and Isaac's struggle for peace in Genesis 26:19–22, Bishop Mark walks readers through the unpredictable pain of life's random arrows and the healing journey to Rehoboth, a place of divine room and refreshing.

This book is not just a reflection; it is a roadmap for those silently breaking under life's weight. It offers a prophetic invitation to heal, to rise, and to turn your scars into testimonies. If you've ever smiled while silently suffering, this book was written for you.
